STEP 2. Confirm your installation method

SPEEDO INWALL CISTERN
 SPC100 | **\$289**
 • 4 Star WELS water rating (4.5/3 litre dual flush) can be adjusted to 6/3 litre flush
 • Mounts in wall directly behind toilet pan
 • Suits floor mount toilet pans
 • 85mm total cistern thickness; fits within 90mm wall cavity
 • Height from centre of flush pipe to top of cistern; max 900mm min 720mm
 • Fully insulated against condensation
 • Flush panel easily removed to provide full access to cistern for servicing

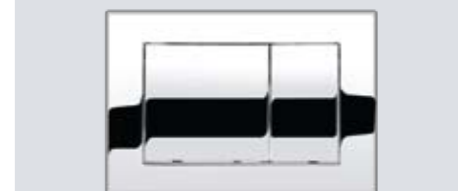

SPEEDO PNEUMATIC CISTERN | SPP100 | **\$289**
 • 4 Star WELS water rating (4.5/3 litre dual flush) can be adjusted to 6/3 litre flush
 • Top, front or remote flush
 • Suits under bench vanity mounting, low height inwall (i.e. under low windows) or remote (i.e. when there is no room behind toilet pan for inwall cistern). Cistern can be mounted up to 3 metres from flush panel so could be mounted in a ceiling, cupboard or inwall behind a removable tile or mirror. When mounted remotely access to the cistern is still required. When mounting flush panel directly to top or front of cistern, panel is easily removed to provide full access for servicing
 • Suits floor mount toilet pans, or wall hung toilet pans when coupled with Plumblin Wall Hung Toilet Bracket (Code: PLWB) **\$185**
 • Cistern thickness 145mm
 • Minimum height from centre of flush pipe to top of cistern 480mm
 • Fully insulated against condensation
